## DATEL WiFi "N" Adapter

Model : PSP/ NINTEND

DATEL WiFi "N" Adapter

Just plug WiFi MAX into any internet-enabled PC to create a Wireless Access Point that your PSP, DS, Wii, or PS3 can use to wirelessly go online, joining gamers from all over the world. As WiFi MAX operates on the Wireless N standard, it's five times faster than an ordinary WiFi connection, and if you use our USB cable and dongle stand (supplied), you can position your dongle to maximise WiFi range. It supports up to five 'local' gamers at a time, so you and your mates can all play online at once with no loss of speed

- Download new content and Virtual Arcade material on your Wii.
- Great for High-Speed multimedia streaming or online gaming
- Ultra - Compact - smallest form Factor
- Wireless Connections up to 150mbs
- Internet gaming through any internet-enabled PC.
- No cables necessary - make a wireless connection.
- Five times faster than standard WiFi.
- Supplied with software CD and WiFi dongle, and also a USB cable and stand for optimal positioning.
- Compatible with PSP, PS3, Wii and DS games consoles
